We believe passionately that every employee has a right to be inspired, motivated & supported to give their best at work, and the secret to achieving that is great leadership.

We want to share that passion and encourage businesses to improve their own leadership impact and capability so their employees can thrive. Knowledge grows when it's shared and we think a conference is a great way to share knowledge, broaden outlooks, learn how to get things done and inspire everyone to achieve more.

What makes the Amicus Leadership Conference stand out above the rest? We have walked the walk for many years. For example, General Sir Peter Wall was the former Head of the British Army, Jennifer Carnegie has worked in the C-suite of international corporations, Steve Dalton was MD of the Sony UK Technology Centre. All are on commercial Boards as NEDs and Chairs. Our whole team has great credentials and

first-rate leadership experience. We know what works and how to apply it.

Join us for an exciting and inspiring event, the Amicus Leadership Conference! Get ready to enhance your leadership skills and network with like-minded individuals.
