This Cyber Incident Response Exercise is designed to help small businesses prepare for a cyber incident.

During this session, you'll have the chance to:

- Experience a simulated cyber security attack in a safe environment
- Get advice and guidance from a panel of experts from JCSC, JOIC and JT
- Plan your own response to a cyber security incident
- Leave with a range of practical steps you can take to protect your business

This event will be hosted in a confidential environment where we will apply the Chatham House Rule - this means that participants are free to use the information received but cannot share the identity or affiliation of the person sharing the information.

We encourage all attendees to take part and to share their views and experiences.

Who we are

- Jersey Cyber Security Centre (JCSC) supports islanders and organisations to prepare for, protect and defend against cyber threats.
- Soteria Communications supports clients to prepare for and manage crises, with a focus on cyber incidents.

Frequently asked questions.

Q. Do I need to be a technical expert to attend?

A. Not at all. This event is designed for non-specialists. You won't need to have extensive cyber security to take part. You'll just need to understand how your organisation works. We'll have guidance and advice to support you.

Q. What will you do with the information I share in this session?

A. In short: nothing. We will apply the Chatham House Rule - this means that participants are free to use the information received but cannot share the identity or affiliation of the person sharing the information.

Q. How much does this event cost?

A. This event is free to attend.
