

Mind and machines: Managing email risk

16:00 - 19:00 | 05/09/2024 | The Club Hotel, Green Street, St Helier JE24UH

Book now →

Cyber-risks are ever present and increasing every day.

Join us and Mimecast for an afternoon briefing where we will be exploring ways of managing email risk and why it's important to your business. Be the first to discover the latest updates on the Mimecast portfolio and learn how to mitigate human error.

Plus stand a chance to win a iPhone SE by taking part in a cybersecurity speed quiz just before heading onto the terrace for drinks and canapes.

Event speaker: Mark Olding - Mimecast Technical Specialist
