Book now →

**Join HR Now in the Work Café for their workshop on how to enhance and develop your management skills.**

Book here

The short session will provide tools and techniques to help managers get the best from their teams:

- Role and Responsibilities: Understand the fundamental duties of a manager.
- Essential Skills and Knowledge: Learn the core competencies required for effective management.
- Motivating and Getting the Best Out of People: Discover strategies to inspire and maximize team performance.
- Face-to-Face Effective Communication: Master the art of direct and impactful interactions.
- Listening and Questioning: Develop skills to actively listen

and ask insightful questions.
- Giving and Receiving Feedback: Learn to provide and accept constructive feedback for continuous improvement.
- Tools and Techniques: Utilize various communication tools and methods to enhance workplace interactions.
