Meet the Speakers:

Professor Dame Wendy Hall: A world-renowned computer scientist and a global leader in the field of AI. Dame Wendy served as the President of the Association for Computing Machinery (ACM), the world's largest computing society, and is a current member of the Digital Jersey Board and the UK Government's AI Council. She brings a wealth of experience to the discussion, including from her role on the United Nations' High-level Advisory Group on Artificial Intelligence.

Professor Alan Brown: A leading expert in AI and author of the new book "Surviving and Thriving in the Age of AI".
Professor Brown's research focuses on the intersection of AI and business, and he has extensive experience advising companies on how to leverage AI for strategic advantage. His book offers practical guidance for leaders navigating the ever-evolving landscape of AI, exploring how to leverage AI for competitive advantage, build trust with stakeholders, and ensure responsible AI adoption.
About the Jersey AI Forum:

The Jersey AI Forum is an on island organisation dedicated to promoting the responsible development and adoption of AI in the island. They will provide an update on their latest initiatives and insights into the Jersey AI landscape.

Don't miss this exclusive opportunity to gain insights from leading experts and network with your peers!
