During this FREE talk they'll explain how a cyber attack could jeopardise your charity or small business. They'll also give you a list of actions you can take today to make a cyber attack less likely.

In this session, they'll cover:

- JCSC and how we can help you
- what factors make you more likely to become a victim
- how strong passwords, Two-Factor Authentication (2FA), and patching can help protect you

Who is this event for?

This event is designed for people managing or working in businesses or small charities who do not have a background in cyber security. You don't need to have any previous knowledge to attend, and all the concepts discussed will be explained clearly.

How can I attend?

You can attend this event in person at the Operations Centre at 1 Seaton Place, or virtually via Microsoft Teams. However you choose to attend, you're welcome to bring your lunch along with you.

(Please note that if you're attending online, you'll be sent the joining details at least 3 days before the event.)
