Safeguarding, Leadership and AI for Real-World Practice

Book here

Most events still look the same. Long talks. Heavy slides. Little real change.

The Vital Skills Summit Jersey 2026 is different. It is a one-day, cross-sector learning summit for professionals who carry real responsibility for safety, wellbeing, education and care.

About the Summit

- Date: 31 March 2026

- Location (listing): United Kingdom
- Actual venue: Radisson Blu Waterfront Hotel, St Helier, Jersey, Channel Islands

The summit brings together safeguarding, leadership and Artificial Intelligence in one joined-up academic and practice-based event. It is designed for people working in health, education, social care, safeguarding, charities and multi-agency partnerships.

Organised by Life Vital Academy, in association with Durham University, the day blends research, lived experience and practical tools you can take back to your organisation.

Three Strands. One Learning Experience.

Safeguarding and Context:

Exploring harm beyond the family home, peer and community risk, and the environments in which children, young people and adults live, learn and work.

Leadership and Culture:

How kindness, everyday behaviour and team culture shape safety, trust and learning in high-pressure services.

AI and Professional Judgement:

How Artificial Intelligence is entering assessment, planning and accountability – and what this means for ethics, responsibility and decision making.

Why It Feels Different

This is a summit, not a standard conference. It is built as a shared learning space, not just a stage.

You can expect:

- Academic input linked directly to frontline practice.
- Cross-sector delegates learning side by side.
- Focus on real cases, real systems and real constraints.
- A full day of structured continuing professional development

(CPD).

The aim is simple: better language, better thinking and better collaboration around safeguarding, leadership and AI.

Who Should Attend

- Safeguarding leads and designated professionals
- School and college leaders, governors and trustees
- Health and social care practitioners and managers
- Charity, voluntary sector and community leaders
- Policy, QA, HR and learning and development teams

Fees and Registration

- Early Bird (until 15 March 2026): £125
- Charity Delegate (from 16 March 2026): £150
- Delegate (from 16 March 2026): £175

This is a one-day in-person summit in Jersey, Channel Islands (listed as United Kingdom on this platform – not New Jersey, USA).
