

Cyber Security (Jersey) Law 2026 – Partnership Launch Event

5pm - 8pm | 18/06/2026 | Digital Jersey HUB Block 3, The Forum, Grenville Street, St Helier JE2 4UF

[Book now](#) →

The Cyber Security (Jersey) Law comes into force in Autumn 2026. It sets new expectations for governance, controls, incident response and supply chain assurance.

[Book here](#)

Join CorefocusX and Claranet at Digital Jersey on Thursday 18 June, 5–8pm for a practical briefing on what the Law means and how to prepare for the new law and the launch of their new strategic partnership.

Speakers will cover the key requirements of the new law, alongside real examples of cyber threats and how to manage them.

- What to expect:
- What the Law covers and who it applies to
- Data protection expectations

- Current threat landscape
- Live cyber threat demo
- How to demonstrate readiness

The session is aimed at boards, senior leaders, risk and compliance teams, and IT leads across regulated and essential services. Don't miss the opportunity to get prepared for the new law coming into force in 2026.

Includes Q&A and networking. Refreshments provided.
