How Cyber Essentials can help protect your business

9:00 am - 10:00 am | 09/10/2026 | Jersey Cyber Security Centre (JCSC) 1 Seaton Place, Saint Helier, Jersey, JE2 3QL

Book now →

43% of UK businesses experienced a cyber attack in 2025 (source: UK Government). And with each cyber attack costing thousands of pounds in lost businesses, response costs, and recovery costs, cyber could be the biggest risk your businesses isn't mitigating.

Book now

Cyber Essentials and Cyber Essentials Plus are Government-backed schemes that help you defend against the most common cyber attacks. Join this session to find out more about Cyber Essentials, including:

- How it helps you protect your business
- The difference between Cyber Essentials and Cyber Essentials Plus
- Why JCSC recommends the scheme as baseline standard

for smaller organisations

You'll also have the chance to ask questions about the scheme, and learn more about the free support JCSC can offer if you plan to achieve Cyber Essentials in the future.
