HX for Jersey: Bringing Our Local Communities Together

8:30am to 9:30am | 20/11/2026 | Digital Jersey, Berners Lee & Hall, St Helier, Jersey

Book now →

Jersey is full of people, businesses and organisations doing wonderful things. How can we help them find one another, stay connected and support their local communities?

Book here

Join us at Digital Jersey for a free breakfast presentation introducing HX, Hive eXperience, a community platform that brings people, conversations, events and learning together in one place.

Whether you run a business, lead an association, support a charity or help organise a local club or community group, discover practical ways to:

- Create a dedicated Hive for your community.
- Share news, resources and opportunities.
- Organise events and manage bookings.

• Showcase members’ businesses, products and services.
• Share knowledge through courses and learning.
• Keep people connected and involved between gatherings.

Enjoy croissants and pain au chocolat on arrival, followed by a live demonstration and time for questions, ideas and conversations. Breakfast is on us, and no technical knowledge is needed.

Come along and explore how HX could support your community here in Jersey.

Belong. Contribute. Prosper.
