

# Inspire Jersey's future workforce

**Our highly motivated level 2 & 3 business students will be commencing two weeks work experience on:**

**23 January 2017 and 19 June 2017**

**We are looking for forward-thinking local employers who would be willing to provide work experience for Highlands College students.**

The benefits of providing work experience:

- Two weeks unpaid work experience for students to carry out a range of tasks such as; projects, shadowing, assist with running of department, data inputting and more!
- Recruitment opportunities – work experience placements can be a way to access the local market and explore talent you may not have considered.
- Staff development – provide staff with line management responsibility, supervising and coaching development.
- Engage in Jersey's community –work experience placements can enhance your image in the community.

**If you are interested and can offer experience within Customer Service and Care, Marketing, Finance, IT for Business, Communications, Human Resources, Web Design or International Business please call us on 01534 608534.**
